

# See Baby monitor

## Always watching, always together

With See Baby Monitor connected to your phone, you'll have peace of mind that your baby's always safe & sleeping comfortably. Keep a close eye on your little one at any time, with day & night vision and never miss a moment or a smile with HD live streaming, remote-controlled pan, tilt & zoom. Safe & secure, streaming data is fully encrypted so your family moments remain private. You can relax knowing you'll be notified of any movement, sound, temperature or humidity changes via the app.

- **1080p HD video & night vision**
- **Interacts with other products via the Connected Home app**
- **Built-in white noises & soothing sounds**
